

Langley Design worked alongside Paul Baker Construction and Cardiff University to provide extensive Waste and Recycling Compounds to their student residences. Providing 11no. units across the Talybont North & South, Aberconway, Hodge & University Halls, and Cartwright Court facilities we utilised our affordable and durable Sheldon SBS302 Bin Store walling to enclose and hide from view the Universities various waste streams. Manufactured in treated class 4 structurally graded redwood, and utilising galvanised steel posts our bin store walling can be adapted to suit a variety of shapes and sizes to work for your project's specific requirement. Also available with optional hardwood timbers and powder coated legs the SBS302 can also provide a stylish premium look if needed and can be specified with a steel framed double gate for extra security.

We work with a variety of customers across the UK, from providing Cycle Shelters and Bins Stores to the Educations sector, to Benches and Bins for Retail spaces, our large product range and long-standing experience within the Street Furniture market ensures Langley Design can provide you a solution to fit your needs. Located within the Cotswold countryside and offering both supply only and supply & install services nationwide our expert team are always on hand to assist you with any queries.
