

The **MUNSTER** by Arlo Green Design

The new **MUNSTER** range designed with the assistance of local authorities, to meet all their expectations, and be able to last the pace of a very active life in the streets of our cities , towns and parks.

Using the newest methods and materials to design and satisfy the demands of our modern life where we expect to spend more time outside and be comfortable and safe.

The **MUNSTER** is available in 600mm chairs ,1500 , 1800 and 3000mm benches
This robust design incorporating a cast iron frame , and hardwood seating slats, will lift any new park, paved area and town centre to heights not thought possible by a single bench design.
