Sowing rate:	25-50g/m²
Sowing rate, when sowing with wild flora	4g/m²
Overseeding:	15-25g/m²
Mowing height:	20mm or tv
Unmown heights:	approx 150 depending

The addition of new Double 4Turf tetraploid rye grass to our standard low maintenance mixture is suitable when rapid establishment is also required. 4Turf has a more open habit, perfect to allow the finer grasses to establish & offers improved drought tolerance and a stronger root system.
