WELCOME TO MEON!

For over twenty years we have worked closely with the roads industry in our mission to **Deliver Great Surfaces.**

Traffic Management is always complimentary to great surfaces and we're dedicated to providing a reliable supply stream throughout Ireland.

From our side, every day is another day for discovery, as we relentlessly continue our journey of improvement with our valued clients, alongside the surface marking and highway repair sectors.

**For your specific requirement we welcome your enquiry.**

## CONTENTS:

### ROAD TRAFFIC CONES

3-6

- 1 Piece Traffic Cones
- 2 Piece Traffic Cones
- Traffic Cylinders
- Replacement Sleeves

### ROAD TRAFFIC SIGNS

7-14

- Uniquik Traffic Signs
- Plastic A-Frame Signs
- Cone Signs
- Metal Signs
- Chapter 8 Sign Designs - ROI
- Chapter 8 Sign Designs - UK

### PEDESTRIAN BARRIERS

15-18

- Titan Barrier
- Frontier Barrier
- Melba Gate Barrier
- 4 Panel Gate Barrier

### TRENCH COVERS AND SPEED RAMPS

19-22

- Kerb Ramp
- Speed Ramp
- Trench Covers
- Road Plates

### ANCILLARY ITEMS

23-26

- Hazard Warning Tapes
- Bunting
- Sandbags
- Cone Lamps & Batteries
- Masker Sign
- Stop&Go Poles

### TRAFFIC FLOW

27-30

- Directional Bollard
- Cycle Lane Kerb Separator
- Manchester Bollard
- Temple Bar Bollard

# ROAD TRAFFIC CONES

When you want to coordinate the flow of vehicles around your workspace, divide areas into lanes or clearly signal that some areas are off-limits, there's nothing quite as useful as traffic cones. You can use them on your own premises or, with permission, on public roads, if you are engaged in approved works that could create an obstruction. They're easy to see and impossible to misinterpret.

## 1 PIECE TRAFFIC CONE

- Manufactured from 100% recycled thermoplastic, making it an environmentally friendly cone
- Available in 450mm and 750mm height
- Glued Reflective sleeve

## 2 PIECE TRAFFIC CONE

- The preferred traffic management and term maintenance two-piece moulded cone
- UV stabilised HDPE moulded top and heavy duty 100% recycled PVC base
- Available in 750mm and 1000mm height
- Glued reflective sleeve

## TRAFFIC CYLINDER

- Blow moulded from UV stabilised low density polyethylene
- Specific twist-lock designed base to suit either permanent metal cats eye sockets or temporary base
- Available in 750mm and 1000mm height
- Temporary bases available separately with either fixings or self-adhesive pads

## REPLACEMENT SLEEVES

- Bring your old cones or cylinders back to life with these replacement sleeves
- Reflectivity class for high speed road use
- Available for 750mm and 1000mm cones or cylinders

# ROAD TRAFFIC SIGNS

Extensive range of temporary roadworks signage in accordance with Republic of Ireland and United Kingdom Traffic Signs Manual Chapter 8. Popular styles and sizes available from stock.

## UNIQUICK TRAFFIC SIGNS

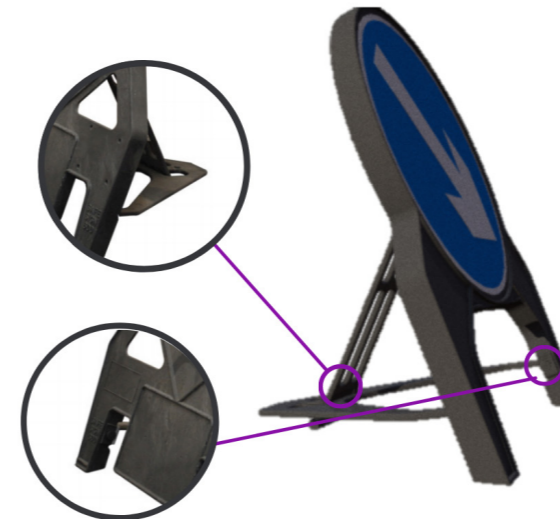

The UniQuick traffic sign is an all-plastic quick fit frame and sign face system. Implementing quick-lock fasteners which are fitted as standard. These remain securely in place allowing a quick and easy interchangeability of sign faces and removing the need to stock multiple sign sizes and types. Sign faces available in multiple sizes to meet requirements of United Kingdom and Republic of Ireland Traffic Signs Manual Chapter 8.

- Stackable frames
- Lighter than steel - less weight in vehicle
- Non-Metallic with no scrap value
- Non-Conductive
- 100% recyclable

## PLASTIC A-FRAME SIGNS

The plastic A-frame sign is extremely strong and durable. Manufactured from recycled polypropylene with no metal parts. Although lightweight, the angled sign is designed to give a strong wind resistance. These signs are available in 600mm and 750mm sizes for United Kingdom Traffic Signs Manual Chapter 8 compliance only.

- Long life due to strong and robust design
- Does not rust
- Excellent weight and footprint stability
- Easy and safe to handle
- No sharp edges
- Stackable for storage and transport

## CONE SIGNS

These cone mountable signs are made from 100% recycled material, light weight and easy to handle with no sharp edges. Secured by 50mm heavy duty elastic webbing giving the sign a secure fit and prevents the sign from spinning or being blown off in windy conditions. Available in 600mm and 750mm sizes to meet requirements of United Kingdom and Republic of Ireland Traffic Signs Manual Chapter 8.

- Heavy duty elasticated strap
- Designed to fit both 750mm and 1000mm cones
- Individual supplementary plates specifically for Republic of Ireland Chapter 8 signs

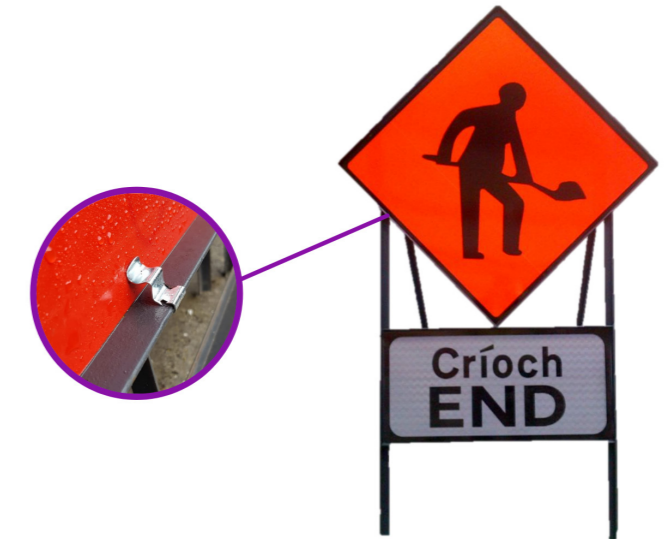

## METAL SIGNS

The metal A-frame sign is made from heavy duty painted steel with zintec reflective sign faces. Available in 600mm and 750mm sizes to meet requirements of United Kingdom and Republic of Ireland Traffic Signs Manual Chapter 8.

- Folding legs
- Faces clipped into frames
- Replacement clips available

# PEDESTRIAN BARRIERS

Our wide selection of portable safety barriers are designed to protect your workforce and the public.

## TITAN BARRIER

- One-piece injection moulded 2m pedestrian barrier
- Manufactured from prime grade virgin polypropylene
- Sub zero temperature and 2 year colour fastness properties
- Clever design allows for simple and practical storing and stacking
- Available with standard or anti-trip feet
- Bespoke colours and company logos available on request

**STREFOOT GUARANTEE**

## FRONTIER BARRIER

- Blow moulded 2m pedestrian barrier
- Manufactured from UV stabilised impact modified HDPE
- Unbeatable stability – tested to ensure wind stability within BS8442
- Available with standard or anti-trip feet
- Bespoke colours and company logos available on request

**STREFOOT GUARANTEE**

## MELBA GATE BARRIER

- Blow moulded 2m pedestrian barrier
- Manufactured from high density polyethylene
- Quick and easy barrier connection for use on uneven ground
- Available with standard or anti-trip feet
- Bespoke colours and company logos available on request
- Replacement feet available

## 4 PANEL GATE BARRIER

- Blow moulded panel gate barrier
- Light and compact design to meet communications industry requirements
- 4no 1m panels per barrier

# TRENCH COVERS AND SPEED RAMPS

Wide range of trench covers, road plates and ramps essential for maintaining accessibility and public access during utility works, street works and resurfacing projects.

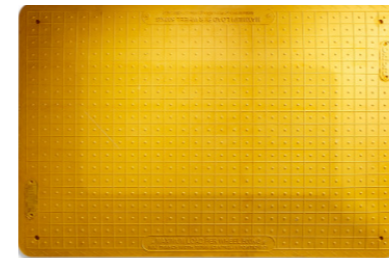

## KERB RAMP

- Pedestrian and wheelchair kerb ramp for accessibility during road or street works
- Commonly used to provide access from kerb to road when the pavement is closed
- Suitable for 60-160mm high kerbs
- Highly visible with anti-slip finish

## TRENCH COVERS

- Manufactured from glass reinforced composite material with ribbed framework for added strength
- Anti-slip surface and chamfered edges for pedestrian safety
- Bolt holes incorporated for securing to ground
- Sizes available:
  - 1200 x 800mm
  - 1600 x 1200mm
- 1200 x 800mm suitable for up to 2 tonne vehicles over 700mm trench
- 1600 x 1200mm suitable for up to 2 tonne vehicles over 900mm trench
- Anti-slide rubber edging available on 1200 x 800mm trench cover to reduce unwanted movement

## ROAD PLATES

- Heavy duty plastic modular road plates used to cover road trenches
- Designed to withstand heavy vehicles
- Anti-slip surface for vehicle safety
- Anti-slide rubber edging to prevent unwanted movement
- Drop pins incorporated to prevent lateral movement
- Modular sizes available:
  - 1500 x 500mm
  - 2300 x 500mm
- 1500 x 500mm suitable for up to 44 tonne vehicles over 700mm trench
- 2300 x 500mm suitable for up to 44 tonne vehicles over 1200mm trench

## SPEED RAMP

- Made from 100% recycled solid rubber
- Sustainable, durable and hard wearing
- Designed to withstand vehicles weighing up to 40 tonnes
- Fitted with reflectors, giving better all-round visibility
- Inner and end sections available in black and yellow
- Heights available: 50mm and 75mm

# ANCILLARIES

Wide range of miscellaneous items to compliment traffic and pedestrian management on all project types.

## BARRIER TAPE

- Non-adhesive plastic barrier tape with coloured diagonal warning stripes
- Creates a high visibility temporary barricade or cordon
- Supplied in handy dispensing carton
- Available in 500m long rolls, premium or standard grade
- Colours available: Black & Yellow or Red & White

## HEIGHT RESTRICTION KITS

- Telescopic goalpost kits for overhead height restriction warning
- Highly visible red & white glass fibre tubing
- Galvanised steel bases for secure grounding
- Comes with 25m plastic bunting which is available separately

## SANDBAGS

- Ready to be filled for use as weight or ballast
- Popular for weighing down signs or other temporary road furniture
- Manufactured from polypropylene with drawstring top

## CONE LAMPS AND BATTERIES

- Range of flashing or static lamps for securing to road cones
- Double sided or 360° lamp versions available
- Available with cone bracket or strap
- Heavy duty 996 zinc 6 volt battery

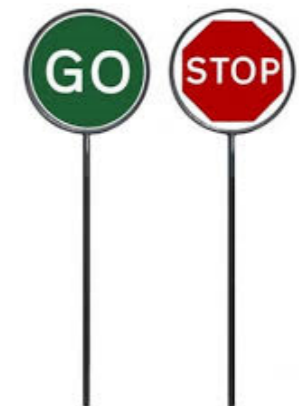

## MASKER SIGN

- Unique temporary aerosol masking spray
- Designed for the temporary masking of signboards and display surfaces
- Simple, clean and safe alternative to plastic bags with no risk of being torn off
- Easy to wipe off with dry cloth when no longer required

## STOP & GO POLES

- 600mm diameter composite sign on powder coated steel pole
- Used for manually controlling flow of traffic at lane closures
- Fits securely into a standard cone with detachable head
- Available in Class RA1 or RA2 reflective face material
- Overall height 2020mm

# TRAFFIC FLOW

Selection of permanent bollards and segregation elements for traffic and pedestrian safety.

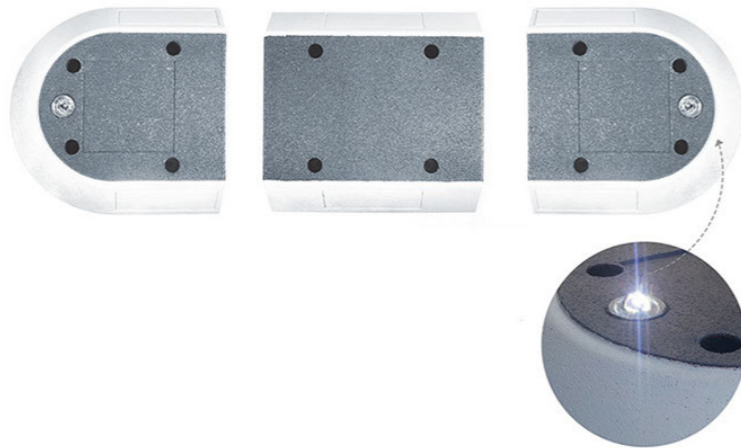

## DIRECTIONAL BOLLARD

- One-piece moulded non-illuminated retro reflective self-righting bollard
- Low maintenance, reliable bounce back performance
- No mechanical parts to break or come loose
- Tough double skin sign carrier reducing flex and maintaining longer life of reflective graphics
- Low folding height of 130mm

## CYCLE LANE KERB SEPERATOR

- Recycled rubber kerb segments for creating mini-islands and lane segregation
- Surface mounted installation requiring no excavation
- Resistant to vehicular impact
- Robust interlocking design
- Customised dimensions to suit any project
- Highly visible for increased awareness
- Bollards and reflective features can be incorporated for safety awareness

## MANCHESTER BOLLARD

- Cast iron bollard with decorative banding and rounded top
- Black coated with reflective red/white band
- Sturdy 300mm root for anchoring into ground
- Height above ground 1000mm
- Overall height 1300mm
- Overall diameter 220mm

## TEMPLE BAR BOLLARD

- Manufactured from LM25 die-cast aluminium material
- Black coated with reflective red/white band
- Sturdy root for anchoring into ground
- Overall height 1200mm
- Main diameter 76mm
- Decorative end diameter 125mm

## BESPOKE BRANDING

There are a number of ways to personalise cones and barriers. This is of utmost importance to minimise theft, keeping long term cost to a minimum. Bespoke colours and branding also promotes your corporate image to the general public.

### BESPOKE YOUR BARRIERS:

- One-piece mould can be made in any colour.
- Feet can also be coloured to suit
- Contractor branding details can be embossed at the front of the barrier
- MOQ JSP orange and blue with black embossing - 120
- MOQ custom colours with black embossing - 520 Embossed area - 30cm x 8cm

### BESPOKE YOUR CONES:

- Cone and base can both be branded to match a customer's corporate identity
- Increases brand awareness
- Anti-theft deterrent
