

## Greenfix Grass Seed GF25 Shaded Area Mix

### Application and Benefits

Greenfix GF25 is a blend of species capable of surviving in dry, low nutrient soils often associated with tree areas. In shaded areas ensure you prepare the ground well and use a good pre-seed fertiliser.

#### Key Benefits:

- Shade tolerant species with low nutrient requirement.
- Good ground cover and fine leaved sward.
- Suitable for areas under trees and in areas in heavy shade.
