

CASE STUDY

ST TERESA'S CATHOLIC PRIMARY SCHOOL—SS4 1RF

SOVEREIGN
Bringing Imagination into Play

The project for St Teresa's came about when our very own Charlie in Sales Marketing got in touch with me to say that their outdoor play space needed a new lease of life and that they were looking at different trail options. The project first started out as a trail area which we discussed multiple ideas and settling with the racing trail. After a successful installation of our racing trail, the school wanted another play space next to it, an imaginative play area which we provided with our Play Fort and Viking Longboat options which have proved to be a hit at the school.

» FEEDBACK

What were the reasons for starting your project?

"To replace our 35-year-old adventure playground."

How did you discover Sovereign and why did you choose us?

"A local company with a good reputation."

What was your experience of our design and installation process?

"You liaised with our PTA to find solutions and the Headteacher and I agreed to their proposals."

How has our equipment impacted or benefitted your school/organisation?

"The children now have a range of equipment to play on to suit all ages."

What was your overall experience of having Sovereign fulfil your project?

"There was a need for a revisit to repair a couple of pieces however this was managed well and overall, we have had a very good experience with Sovereign."

» "We are very excited to have our new equipment after lots of work to raise the funds. We are looking forward to a summer of fun using our racing trim trails, fort and pirate ship. We would recommend using Sovereign."
