

# Triple Tower: K-73 In-line

This product has three towers configured in one straight line and is ideal for children age 5 to 14 years of age.

Also available in an L-shape.

It is constructed using quality pressure-treated timbers that have been sanded for a smooth finish. It includes 2 roofs, a slide, steps, climbing ramp, cargo net, climbing wall, arched bridge, barrel tunnel bridge, and net bridge.

A half barrel bridge is an alternative bridge which is available on request.

All nets are high quality steel-cored multi-strand nylon ropes with steel fixtures and fittings.

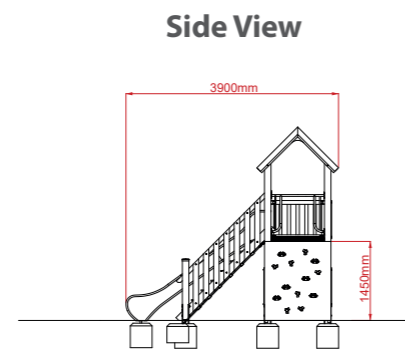

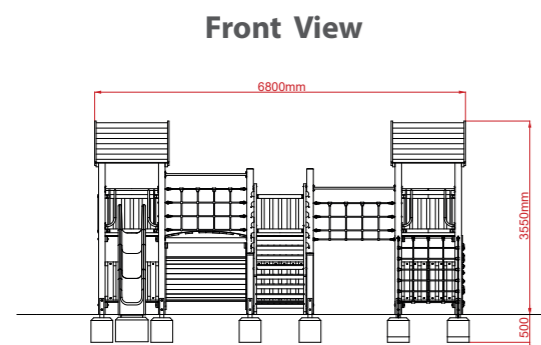

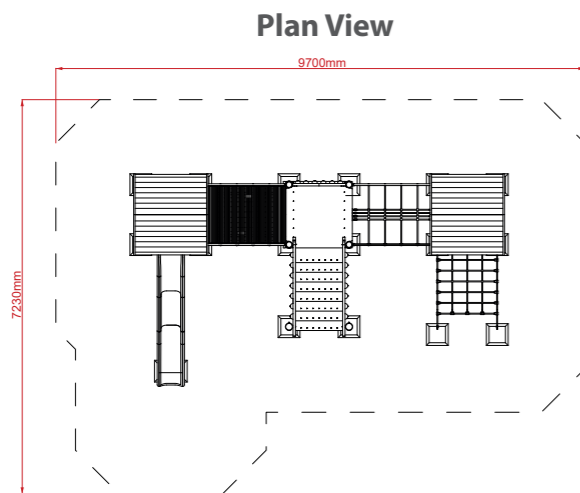

Safety surfacing is required to meet EN1177 standards.

Timber is a renewable resource, recyclable and biodegradable, and only timbers from sustainably managed sources are used.
