

# Triple Tower: K-73 L-shaped

This product has three towers configured in an L-shape and is suitable for children age 5 to 14.

An In-line version is also available.

The unit is constructed using quality pressure-treated timber that have been sanded for a smooth finish. It includes 2 roofs, a slide, steps, climbing ramp, cargo net, climbing wall, arched bridge, barrel tunnel bridge, and net bridge.

A half barrel bridge is an alternative bridge which is available on request.

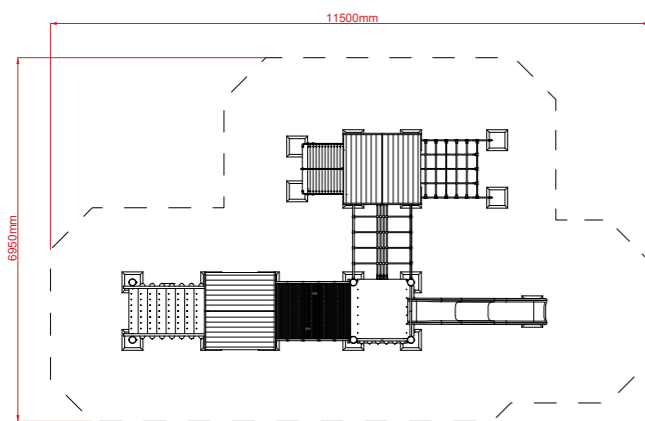

All nets are high quality steel-cored multi-strand nylon ropes with steel fixtures and fittings.

Safety surfacing is required to meet EN1177 standards.

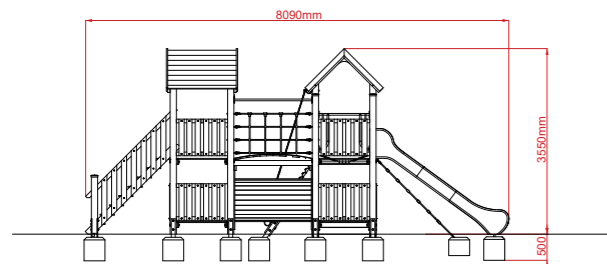

Timber is a renewable resource, recyclable and biodegradable, and only timbers from sustainably managed sources are used.
