

Natural Log Bench: CP-NLB

This product offers a unique and totally natural seating alternative to mass produced benches. It is freestanding, set at just above ground level, and is suitable for both children and adults to use.

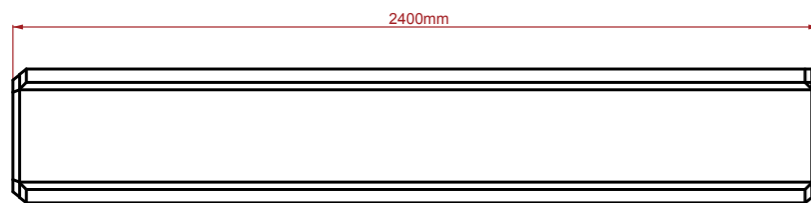

- Standard length is size 2.4m long however sizes can be adjusted to suit from 2.0 to 3.0m
- Species used: Douglas Fir, European Larch or Scots Pine
- Diameter dimensions 350-450mm
- Planed and sanded top seat with chamfered ends, flat bottom, 300mm high, 400mm wide
- Some bark still attached which may fall off as the product ages
- 100mm hardwood block legs to allow for levelling
- FSC chain of custody

Each bench is unique depending on size and species of tree and bark will fall off over time adding charm and dimensions may vary as these are natural products. Timber is a renewable resource, recyclable and biodegradable, and only timbers from sustainably managed sources are used.

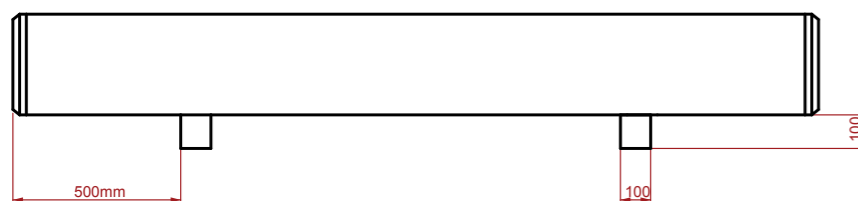

Please note: a forklift is required to move the Natural Log Benches around.
