

Standard Double Tower: K-72

This tower unit is aimed at children aged 5 – 14 years old and has a platform height of 1.45m. The 2.5m green, straight slide is UV resistant and made from high-density polyethylene.

The legs are fitted with hot-dipped galvanised metal feet to prevent ground moisture affecting the timbers.

The total free space required for the double tower unit is 8.45 x 7.23m.

Safety surfacing is required to meet EN 1177 standards.

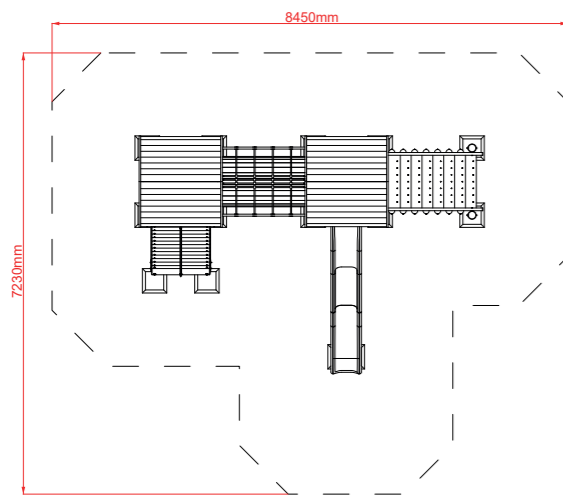

Timber is a renewable resource, recyclable and biodegradable, and only timbers from sustainably managed sources are used.
