

Recycled Plastic

## RUSTIC FINGERPOST

Our **Rustic Recycled Plastic Fingerpost** offers an eco-friendly wayfinding solution ideal for parks, nature trails, and sustainable developments. Made from durable, low-maintenance recycled plastic, it resists weather, rot, and insect attack while providing clear, reliable directional guidance.

Customisable arms can be tailored to your site's specific needs. With a wood-like appearance and long-lasting performance, this fingerpost combines environmental responsibility with functionality, making it a smart choice for projects prioritising sustainability without compromising on clarity or durability.

### Product features

- Wood effect recycled plastic construction
- 100% recyclable
- No maintenance required
- Permanently engraved lettering
- Fixed directional arms
- Single line directional arms only
- 1 year manufacturer's warranty
