

CLD Exempla Timber

Profiled mesh panel system with timber infill

Find out more
Scan for more information

Description

CLD Exempla Timber profiled mesh system offers an aesthetically pleasing fencing solution with a timber infill (not produced by CLD), whilst ensuring a robust first line of defence. The timber infill panels enhance the look of the fence panels whilst providing limited visibility of the premises. The fencing panels are held in place by CLD's unique hidden fixing system, SafeTfix.

Features

Timber infill panels

Unique SafeTfix hidden fixing system

Easy to install
