

Eastbury Lectern

Our **Eastbury** lecterns are ideal for interpreting wildlife and conservation areas, including SSSIs and protected heritage sites, as they require no ground disturbance - no holes or concrete - making them perfect for sensitive locations.

Their weight allows them to sit securely without anchors, while their low, angled design ensures accessibility for children and wheelchair users. Durable and engaging, they provide an attractive, sustainable alternative to traditional lecterns, enhancing visitor understanding and appreciation of natural and historic environments.

Product features

- Hardwood PEFC Oak and stainless steel construction
- Tamper resistant fixings
- Removable graphic panel
- Easy access for children and wheelchair users
- Preservative and powdercoat finish
- Standard sizes A2 and A1
- Standard panoramic sizes 900mm x 300mm and 1200mm x 400mm
- 1 year manufacturer's warranty

Specification applies to the standard product.
