

Semi Vertical Cycle Rack

A superb space-saver, the Semi Vertical Cycle Rack is a simple space saving product ideal for high-density population areas such as stations, offices, shopping centres, car parks, universities and high streets - and can be used to help demonstrate compliance with BREEAM.

The racks are designed for a long tough life of heavy use, with minimum maintenance required and the bicycles can be secured with both front and rear wheels as well as a central locking loop. The Semi Vertical Cycle Rack is manufactured from mild steel and then hot dipped galvanised as standard, making it a flexible and extremely durable cycle storage solution.

L : 305mm x D: 1052mm x H : 1870mm
