

Inspira Linear

Inspira is a flexible, modular retaining wall system, perfect for creating raised planting schemes in any location.

The ease of installation makes Inspira a quick and cost-effective addition to street, courtyard and roof terrace developments.

Inspira is available in a wide variety of materials, finishes and sizes to meet the requirements of any site.

Inspira Linear is a collection of straight walls and angled corners, designed for geometrically-shaped installations

(squares, rectangles, parallelograms, triangles etc.)

Linear can also function as a low-cost alternative to complex curved schemes, using its variety of angled connectors to

match design intent.

Manufactured to suit customer requirements

INSPIRA COMPONENTS

Linear

		Lengths (mm)	Heights (mm)	Angles (°)
