

# Tired of patching vibrant, decorative asphalt with unsightly black repairs?

NatraTex

 **ColdLay**<sup>®</sup>

## Why Choose NatraTex ColdLay Kit?

- **Colour-Matched Repairs:** Maintain the original look of your decorative surfaces – no more mismatched black patches.
- **Available in Buff & Grey:** 3-month shelf life.
- **Easy Application:** Supplied in a sealed 25kg bucket with Clear Cold Seal paint, the kit is ideal for small NatraTex repairs in non-vehicular areas, such as bollards, signposts, and small utility works.
- **Professional Finish:** Achieve a clean, durable repair by following simple steps.
- **Quick Curing:** Isolate the area for just 12–24 hours for full cure.
- **Protect Your Reputation:** Deliver repairs that blend in seamlessly, keeping clients happy and your work looking its best.

Preserve the beauty of your surfaces with the **NatraTex ColdLay Kit** - a coloured solution that maintains the aesthetic integrity and professional finish your project deserves.

NatraTex ColdLay kits provide **a quick, solution for small surface repairs in NatraTex** or similar decorative asphalt. This easy-to-use system ensures strong joint sealing and long-lasting performance for non-vehicular areas such as around bollards and signposts or any small utility works.
