

## TENANT CYCLE STORE

Secured by Design Certified, Modular & Built to Last

The Tenant Cycle Store is the UK's first Secured by Design-certified tenant bike store, offering unmatched levels of protection for residents' bicycles. Purpose-built for modern residential and mixed-use developments, it provides exclusive, individual storage cages for tenants, combining robust security with a clean, modular design. With an attack-resistant flat sheet body, 50x50mm mesh roof, and a British-made 5-point lever deadlock, this store sets the gold standard for secure cycle storage. Every unit includes a Secure Ground Anchor as standard, giving residents complete peace of mind that their bikes are safe. Designed for architects and developers, the Tenant Cycle Store offers modular flexibility, RAL colour customisation, and bespoke sizing to meet the demands of high-density housing, student accommodation, and large-scale commercial projects. Manufactured in Britain and supported by a 10-year warranty.

- › **Secured by Design Certified:** Fully tested and accredited to the UK's leading police-backed security standard
- › **Attack-Resistant Build:** Flat sheet steel body with 50mm x 50mm mesh roof for strength and visibility
- › **Exclusive Tenant Storage:** Available in single, double, or four-unit modules, with bespoke options for larger schemes
- › **Secure Ground Anchor:** Fitted as standard for enhanced bike locking
- › **British-Made 5-Point Lever Deadlock:** Robust locking mechanism providing tenant reassurance
- › **Flexible & Modular Design:** Extendable units to maximise site footprints
- › **Custom RAL Finishes:** Galvanised or PPC to blend seamlessly with the surrounding architecture
- › **Low-Maintenance:** Mesh roof allows light and airflow, reducing the need for additional lighting
- › **Made in Britain & backed by a 10-year warranty**
