

Setting artwork panels for Bowman Option-B structures:

The example below shows a viewable artwork area of A2 (594mm W x 420mm H). The actual panel size for an A2 viewable panel is 654mm x 430mm which makes an allowance for 30mm left and 30mm right being recessed into the wooden structure frame and 10mm at the top also being recessed into the structure frame. The same recessed area (left, right and top) will apply to all A-sized panels. When setting artwork, please allow for the extra recessed area of the final panel and include an additional 5mm bleed to all four sides. Final sizes shown below:

A3 viewable area: 420 x 297	A3 panel size 480 x 307	A3 artwork (incl. bleed): 490 x 317
A2 viewable area: 594 x 420	A2 panel size 654 x 430	A2 artwork (incl. bleed): 664 x 440
A1 viewable area: 841 x 594	A1 panel size 901 x 604	A1 artwork (incl. bleed): 911 x 614
A0 viewable area: 1188 x 841	A0 panel size 1248 x 851	A0 artwork (incl. bleed): 1258 x 861
AX viewable area: 1300 x 1100	AX panel size 1360 x 1110	AX artwork (incl. bleed): 1370 x 1120
