Vertical Revetment Fabric

Silt Stop 100 LP
Silt Fence

Silt Curtain
Silt Entrapment Curtain

ABOUT GREENFIX

Greenfix is the leading designer and supplier of soil stabilisation and erosion control systems in the UK. Greenfix has developed a comprehensive range of products and systems to combat the

complex and diverse problems associated with erosion control and soil stabilisation. At Greenfix we are committed to delivering the highest quality service to all our customers, offering help from the early design stages through to guidance at installation.

Greenfix are pleased to offer CPD approved seminars which we can host either in person or online. To book your CPD seminar please email info@greenfix.co.uk

- A Guide to Tree Root Protection.
- A Guide to Soil Stabilisation and Erosion Control Systems.
- A Guide to Under Track and Slope Stabilisation for Rail.
