The school approached Sovereign to introduce new outdoor equipment to encourage physical activity among students. Installation was planned for the summer break to take advantage of the downtime, ensuring minimal disruption to the school day and a ready-to-use space for the new term.

» Before

» "The headteacher, Bernadette, got in touch as the school sought to enhance its outdoor spaces to promote physical activity for students. After considering various options, including climbing frames and trim trails, the school selected a Tree Top Tangle Trail, Multiverse Activity Centre, and Oberon with grass guard tiles to create an outdoor environment rich with stimulating activities and challenges to keep the children moving and engaged."
