ST THERESE'S CATHOLIC PRIMARY SCHOOL – SA12 7HL

SOVEREIGN
Bringing Imagination into Play

The school contacted us to explore options for outdoor play and exercise equipment, and requested a site visit to determine which choices would suit their needs best. With ample space on both their tarmac area and grassy field, they were eager to introduce a variety of equipment to encourage more physical activity.

>> "I met with the headteacher, who was eager to explore various options to increase physical activity among the students. After assessing the available space and their goals, I recommended a range of equipment to best fit their needs. For the tarmac area, we agreed that **Children's Outdoor Gym Equipment** would be the ideal choice, as it could be easily integrated into PE lessons. For the field, the focus was on equipment that could accommodate large groups of children at once, with the **Multiverse Activity Centre** and **Connect Trail 3** chosen as the best options."
