

Pagoda Hanging Baskets

Cleverley designed in partnership with Nurseries, In Bloom groups and Horticulturists with ease of use, durability and low maintenance in mind our self-watering Pagoda Hanging Baskets are available in either an 18" or 20" design.

The Pagoda Hanging Baskets share the same popular design features as the rest of the Pagoda range, such as an internal water reservoir and self-watering capillary wicking allowing for days without watering, and an

extremely effective compost to water ratio. Both Pagoda Baskets have a number of features which make them environmentally friendly and encourage plant growth/health to create a fantastic, high impact display, season after season.

The Pagoda Hanging Basket range also offers a number of qualities which make it environmentally friendly, hardwearing and cost effective – A great combination for any project.

18" Pagoda Hanging Basket

NEW to the Pagoda Range is the striking 18" Hexagonal Pagoda Hanging Basket. It has been developed alongside our clients to offer a fantastic floral display combined with a high durability, low maintenance and cost effectiveness. Easy on the environment and budgets.
