

Morpeth 900mm Polyurethane

Traditional and elegant in design, the AUTOPA Morpeth Polyurethane Bollard is suitable for a variety of locations and purposes. Cast in an engineering grade, heavy duty polymer around an integral steel core, this slim-line ornamental bollard is corrosion and shatter proof and can be used as part of a robust vehicle access control solution.

Available concrete in and black only, polyurethane bollards are a durable like for like replacement for traditional cast iron bollards.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 121 060	Morpeth	15kg

Product details

- Available concrete in only
- 125mm maximum diameter
