

# SEAT TYPE 6

## PRODUCT SPECIFICATION

- The Seat Type 6 is made from high quality Naturally Very Durable Hardwood. The simple, natural appearance and robust construction means this seat is perfect for a range of external spaces and landscapes.
- Supplied in two standard lengths at 2000mm or 2500mm, however custom lengths are available upon request.
- Typical seat width is 400mm x 400-500mm high above ground level however custom seating widths and heights are available upon request.
- Supplied fully assembled with a choice of surface fixed (SF) or built-in 200mm (BI) below ground.
- Seat Tops are finished 190mm wide x 90mm thick with a 20mm design gap.
- Seat Leg timbers are finished 190 x 190mm and the overall finished dimension is 190 x 400mm.
- A Stainless Steel 'trickstoppa' can be factory or retro-fitted to seating to deter skateboarders.
- To specify use product code SEAT TYPE 6 / length, fixing, height.
- Available in FSC Certified Hardwood.
