

SEAT TYPE 5

PRODUCT SPECIFICATION

- The Seat Type 5 is made from high quality Naturally Very Durable Hardwood. The simple, natural appearance and robust construction means this seat is perfect for a range of external spaces and landscapes.
- Supplied in two standard lengths at 2000mm or 2500mm, however custom lengths are available upon request.
- Typical seat width is 460mm x 400-500mm high above ground level however custom seating widths and heights are available upon request.
- Supplied fully assembled with a choice of surface fixed (SF) or built-in 200mm (BI) below ground.
- A lighter specification Seat Type 5 is available in 2000mm or 2500mm lengths and 300mm wide as standard.
- The Seat Type 5 can be straight, however the seat can also be mitred to form various seating configurations.
- This seat comes with a backrest. Standard backrests measure 290mm x 60mm thick (200mm high backrest) and 340mm x 60mm thick (250mm high backrest).
- Fixings are Hardwood as standard or with the option of Stainless Steel if required.
- A Stainless Steel 'trickstoppa' can be factory or retro-fitted to seating to deter skateboarders.
- To specify use product code SEATTYPE5/200backrest or 250backrest, length, fixing, seat type.
- Available in FSC Certified Hardwood.
