

SEAT TYPE 3

PRODUCT SPECIFICATION

- The Seat Type 3 is made from high quality Naturally Very Durable Hardwood. The simple, natural appearance and robust construction means this seat is perfect for a range of external spaces and landscapes.
- Supplied in two standard lengths at 2000mm or 2500mm, however custom lengths are available upon request.
- Typical seat width is 460mm x 400-500mm above ground level however alternative seating widths and heights are available upon request.
- Backrests are 290mm x 60mm thick (200mm high backrest) and 340mm x 60mm thick (250mm high backrest)
- Plaques and routed text can be incorporated on to the backrest.
- Supplied fully assembled with a choice of surface fixed with brackets (SF) or built-in 200mm below ground (BI).
- Legs are hardwood as standard with the option of Stainless Steel if required.
- A lighter specification Seat Type 3 is available in 2000mm or 2500mm lengths and 300mm wide as standard.
- 'L' Shaped Seats are also available, the seat can be mitred to form various seating configurations.
- A Stainless Steel 'trickstoppa' can be factory or retro-fitted to seating to deter skateboarders.
- To specify use product code SEAT TYPE 3 / 200backrest or 250backrest, length, fixing, legs.
