

SCARBOROUGH BUS SHELTER

PRODUCT SPECIFICATION

- Woodscape worked in conjunction with Scarborough Borough Council and LDA Design to design and manufacture a Hardwood Timber Bus Stop for the town's historic fishing harbour.
- The Scarborough Bus Shelter is precision-engineered to exacting standards and manufactured from Naturally Very Durable Hardwood.
- Designed for use in the public realm.
- The Scarborough Bus Shelter measures 4715mm long x 3104mm high (above ground) x 1595mm wide.
- Shelters are available with variety of design choices:
 - Perspex
 - Stainless Steel
 - Integrated perch seating
- All our structures are supplied in kit form for on-site assembly by others.
- Coachscrews, coach-bolts and other metal fixings are included.
- All structures are supplied with Independent Design Certification.

The mark of
responsible forestry

Woodscape products are manufactured from Naturally Very Durable Hardwoods, sourced from sustainable forests, as standard. As an FSC® certified supplier we can manufacture our products using FSC certified timber as required.
