

FAST TRACK FUNDING

Your perfect pitch could pay for itself!

Fast Track Funding is a fantastic new flexible funding service from Notts Sport which could help you achieve your ideal artificial sports facility for little or no overall cost.

At a time when budgets are tight and capital projects are becoming increasingly challenging to finance, Fast Track Funding offers the ideal solution for schools and local authorities.

So instead of waiting months or even years to secure funding for the all-weather sports facility your community craves, choose the easy option with Notts Sport – and let Fast Track Funding turn your dream into a reality sooner, not later!

And with most facilities able to generate revenue through community use, Notts Sport provides valuable advice on how to quickly begin maximising profits from your pitch – and ensure it starts paying for itself straight away. A typical pitch would require estimated rental of just 20 to 30 hours per week to cover the cost of repayments.

Fast Track Funding

A surprisingly simple solution

Whether you're looking to install a brand new artificial sports facility, or seeking to refurbish an existing one, Notts Sport's Fast Track Funding can make it happen much quicker than you may ever have expected.

Here's how it works...

- Notts Sport's free Design & Advisory Service helps you identify the perfect artificial surfacing solution for your needs from a wide range of options.
- Notts Sport invites a number of its approved installers to bid for the project, guaranteeing the very best value for money.
- Notts Sport Fast Track Funding provides a flexible funding solution for the project with monthly, quarterly or annual repayments to suit your requirements and budget, and a decision typically provided in about two weeks.

A host of cost-effective options

Fast Track Funding offers you complete financial flexibility for your project, with Notts Sport able to provide either full funding for the facility or supply part of the cost to top up your existing funds.

Notts Sport's high-quality solutions are the ideal cost-effective way to provide a wide range of sports and activities in one self-contained area – and they are proven to be long-lasting for minimal lifetime maintenance costs.

Notts Sport solutions comprise every component required to create optimum performance for activities such as football, hockey and tennis, from base construction through to performance layers and synthetic grass surfaces.

The package of facility design options includes every element of the project, including drainage, access arrangements, perimeter fencing, floodlighting, and even new car parking areas or additional non-synthetic turf facilities.

With over 27 years of experience in the sports and play surfacing sector, Notts Sport assures full quality control throughout the installation through its free project management service and its trained, qualified contractors.
