

# SEATING

Know-how. Can do.

# Let's talk. The answer is

## **Bailey Streetscene. Picture this.**

Imagine a designer, manufacturer and installer of Street Furniture; a go-to expert that can offer you more.

Far from just a Street Furniture supplier, Bailey Streetscene has the resources, flexibility and know-how to deliver more performance than your budget specifies or the same performance at a lower cost - in short - 'more for the same or same for less'.

Of course, when it comes to delivering specific requirements, we always say yes. However, as an innovative partner, we also like to say 'what if?'.

Even if part of the specification is not yet clear or defined, with our know-how and can do approach we'll find the missing solution.

No other Street Furniture company in the UK can offer this complete picture.

## GREENGATE SEAT

The Greengate Seat sets the tone for the entire Greengate range of timber and steel products. 8mm plate legs provide a sleek, stylish, yet ultra-durable and vandal-resistant frame for beautiful exotic hardwood or softwood timber slats.

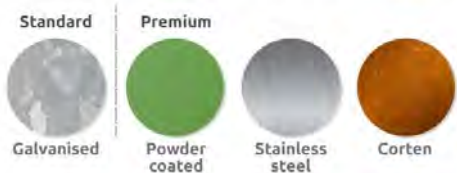

This is available as a bench and seat with backrest, and comes with a range of installation options such as armrests, anti-skate options and any other bespoke requirements you may have - making it perfect for public spaces such as parks, schools, and retail parks. The Greengate range is great for all your landscape designing requirements - as well as the seat take a look at the bench, litter bin and picnic set that accompany it.

**Guide Price: £850.00**  
**L : 1800mm x D : 550mm x H : 775mm**

## GREENGATE BENCH

Part of a range that also includes a seat, picnic set and litter bin, the Greengate Bench is manufactured from 5mm mild steel and then hot dipped galvanised to BS EN ISO 1461:2009. Longevity of the lifespan of the timbers is bolstered by the timber slats being treated with an external stain, whilst this bench can be powder coated to most BS or RAL colours.

Surface mounted, this bench is available in hardwood or softwood timber slats ensuring that your outdoor space gets a dependable, tough and superb value-for-money bench.

## ARROWHEAD

The Arrowhead collection is an exclusive new range of unified concrete seating and planter elements that merge to form an infinite array of possibilities within urban furniture composition and arrangement. In short, these look great, are resilient, and are an extremely low maintenance outdoor furniture alternative.

Curvaceous monolith arrowhead shapes, in three size options, form the basis of this low maintenance and resilient alternative to traditional street furniture. Their weight and mass also allow their placement to be considered in terms of building pedestrian protection from vehicles.

A broad palette of colours and material finishes for the main concrete substrate add an additional layer of customisation, providing the ability to expertly match and complement the distinct context of each unique project setting.

Finally, a selection of timbers, fixtures and other accessories culminate in ensuring the Arrowhead range offers landscape designers a flexible and expressive toolkit to reshape and re-purpose urban space for a variety of practical everyday uses. The perfect blend of creative freedom and solid everyday function.

## WORKING SEAT

Ask yourself what you want from your outdoor seating: We'd guess that stylish, versatile and durable would be amongst your first answers. That's exactly what the Working Seat is. It's absolutely ideal for busy public spaces such as town centres, schools and colleges, and is also available in a double-sided version too.

With a frame that is galvanised and powder coated to any RAL colour of your choice, and timber slats in hardwood or softwood, this is a great addition to any area in which it is placed. It is also available with armrests, and with fixing bolts concealed within the legs for ground fixing, what you have here is a well-balanced, modern seat.

## BRADFORD SEAT

A surface mounted or root fixed bench, the Bradford Seat is a sturdy, hard wearing seating solution that is suitable for any outdoor area, especially busy town centres. The frame is manufactured from grade 304 stainless steel with a brushed satin finish, whilst the base and back consists of treated timber slats. The combination of the two materials creates a stylish and modern seat.

We understand the need for more heavy-duty products for certain aggressive environments such as industrial or coastal areas: that's why the Bradford Seat is available in grade 316 stainless steel too.

## SHAFTON BENCH

If you need to maximise the usage of available floor space then the Shafton Bench is exactly what you need. It boasts seating capacity for a minimum of 8 people, and is manufactured from 145mm x 70mm treated timber slats. These are secured into a galvanised steel frame with anti-vandal security bolts and the bench is fixed to galvanised steel legs which can be powder coated to most BS or RAL colours.

Surface mounted, an added bonus is that the Shafton Bench can be modified to suit your individual requirements. Looks great, and is a size that means that more and more people can use it. A great addition to your public space.

## MULTIPLICITY SEAT

The name gives away a lot about this seat: alluding to its superb flexibility and the locations it can be found in. This seat is an expressive and dynamic system that combines the efficiency of mass production, the use of custom materials and configurations to express cultural preferences. It's part of a great new range.

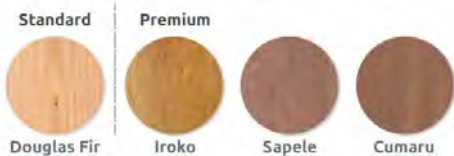

The MultipliCITY Seat shares the same form language as the bench; it is solid and grounded, interactive and user-focused. It has a cast aluminium seat with timber slats and is offered in straight and mitered versions that enable virtually limitless configurations.

**POA**  
**L: 2400mm x D: 582mm X H: 834mm**

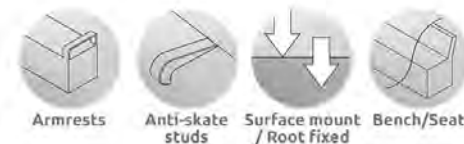

## MATERIALS, FINISHES & OPTIONS

## FGP BENCH

Along with the litter bin, illuminated bollard, seat, and cycle stand - the bench makes up the new FGP range of street furniture that gives a coordinated look to any space. The FGP Bench is a simple timber and cast aluminium frame bench and gives you flexibility by being available in single and double lengths.

The single bench has a frame at each end, while the double bench has a frame at each end and one in the centre. It comes with hardwood timber slats that are more than 25mm thick and the cast aluminium parts have an anodised finish ensuring this is a tough, no-nonsense outdoor bench.

**Guide Price: £585.00**  
**L: 1778mm x D: 594mm x H: 521mm**

## FGP SEAT

If you want a simple yet relaxed and welcoming place to sit then you'll want to have a look at The FGP Seat. It's a simple timber and cast aluminium frame seat but its beauty is that the height is designed to allow a sitter to rest an arm on it, making it a really pleasant place to sit.

Available in single and double lengths, the single seat has a frame at each end, while the double seat has a frame at each end and one in the centre too. The timber slats are more than an inch thick giving extra durability, whilst the front slat is elegantly detailed to curve around the seat frame. Cast aluminium parts have an anodised finish, and it's an integral part of our new FGP range which gives a coordinated look to any outdoor space.

**Guide Price: £780.00**  
**L: 1778mm x D: 715mm x H: 770mm**

## ECO SEAT

A popular member of the Eco range, the Eco Seat is can be made to your exact requirements, and is also available with armrests. It's manufactured from carefully selected and graded timbers, sourced entirely from commercially-managed, recognised and sustainable resources.

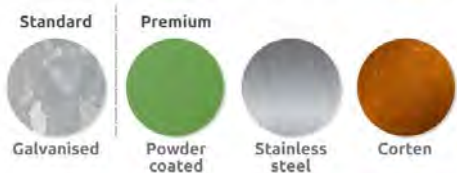

This is a hard-wearing and much-admired street furniture product that can be surface mounted or root fixed, and we recommend that an annual single coat of varnish or stain is applied to maintain the quality.

**Guide Price: £399.00**  
**L: 1800mm x H: 450mm**

## ECO BENCH

A popular member of the Eco range, the Eco Bench is manufactured from 60mm tubular mild steel then hot dipped galvanised to BS EN ISO 1461:2009. It's clad in timber slats treated with an external stain to increase the lifespan of the timbers, making this a hard-wearing and well-liked street furniture product.

The steel frame can be powder coated to a wide range of RAL or BS colours, and as well as being available in hardwood or softwood timbers it can also be surface mounted or root fixed.

**Guide Price: £270.00**

**Manufactured to suit customer requirements**

## PLAZA REAL SEAT

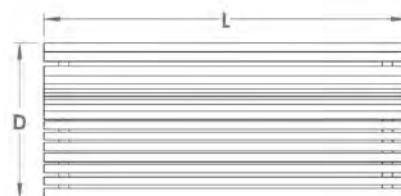

If you're looking for an attractive, durable seat with a high resistance to corrosion due to the ductile iron frame being treated with a unique protector, the Plaza Real Seat may well be your go-to option.

The Plaza Real Seat is anchored to the ground with fixing bolts, and the curved seat base and back rest are formed with timber slats, treated with a preservative and are water proofed.

Finished in grey forge colour, if you want a bigger seat then this is also available in a 3 metre long version too.

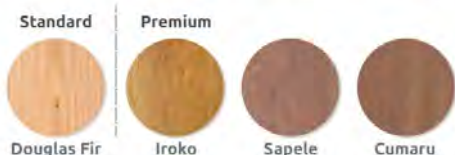

Natural colour finish.

**Guide Price: £385.00**  
**L: 2000mm x D: 800mm x H: 780mm**

## MEDITERRANEO SEAT

Modern and chic, the Mediterraneo Seat is a contemporary timber or steel seat design. The frame is mild steel to S235 JRH, whilst the seat base and back rest are formed with timber slats, treated with a preservative and water proofed. Left with a natural colour finish, the Mediterraneo Seat is anchored to the ground with fixing bolts.

If you want a bigger seat, then this is also available in a 3 metre long version, and available as a solid steel or stainless steel seat, this is a seat that gives you the options to make an informed choice of how to make your outdoor space look great.

## BRANDON SEAT

If you are looking for a robust product that can suit any environment then take a look at the Brandon Seat. Manufactured from a mild steel box section frame, hot dipped galvanised to BS EN ISO 1461:2009, it's clad in timber slats and treated with an external stain to increase the lifespan of the timbers. The 80mm x 80mm box section is complete with angle supports, backrest and surface mounted fixings.

Can be powder coated to most BS or RAL colours, the Brandon Seat is an excellent all-rounder of a street seat: stylish, durable and cost-effective.

## TECTO SEAT

The Tecto Seat is part of the two-piece Tecto street furniture range and really complements the Tecto Bench and helps ensure your outdoor space is an attractive one. It's ideally suited to a variety of outdoor public spaces and is a modern twist on a classic design consisting simply of steel and timber slats to create a hard-wearing and aesthetically pleasing bench. One fit for any outdoor environment.

The seat has been designed with adaptability in mind: it can be aligned to form a uniform row or an endless bench, so it really is adaptable, and due to its flexible arrangement of backrests and partial backrests it enables the user to produce various configurations.

The partial backrest can be to the right or the left and the timbers are available in either hardwood or softwood.

## CLARENDON BENCH

Offering more than a touch of refinement and style to your outdoor space, the Clarendon Bench is an elegant bench, constructed from a grade 316 stainless steel frame which is clad in carefully selected treated hardwood or softwood timbers. We do recommend an annual single coat of varnish or stain to maintain the quality of what is a great looking bench - and one that is also available as a curved bench on request.

And while your outdoor environment will look great, the Clarendon Bench helps other environments too: as all of our timbers are sourced entirely from commercially-managed, recognised and sustainable resources.

## SABADELL SEAT

A great looking, durable outdoor street seat with a frame available in a number of materials including galvanised mild steel or grade 304 stainless steel. That's the Sabadell Seat.

It features a stylish curved seat base and back which are also available in a number of materials, including a full solid galvanised steel finish or a full solid stainless steel finish - or as shown in the picture - a timber slatted finish.

Anchored to the ground with fixing bolts, the Sabadell Seat is a great addition to any outdoor space or environment.

## HOLGATE BENCH

The Holgate Bench is part of the two-piece Holgate street furniture range and really complements the Holgate Picnic Set to create an attractive outdoor space - ideally suited to public parks and educational establishments, although it can be used in a variety of outdoor public spaces.

The Holgate Bench is manufactured from 5mm mild steel and then hot dipped galvanised to BS EN ISO 1461:2009. Clad in timber slats, treated with an external stain to increase the lifespan of the timbers, the bench is surface mounted and can be powder coated to most BS or RAL colours.

Available with Shafton legs on request.

**Guide Price: £395.00**  
**L: 1800mm x D: 410mm x H: 450mm**

## ALTURO SEAT

The Alturo Seat is a simple yet functional design, perfect for any outdoor space. An affordable, yet extremely tough and hard-wearing seat, this is available in all-timber or timber with a steel structure. The frame structure is 80 x 8mm steel tubes, and is painted with zinc primer and then finished in RAL 9005 (Black) as standard. The seat and backrest are FSC certified exotic hardwood. It comes finished with water based mahogany colour stain preserver.

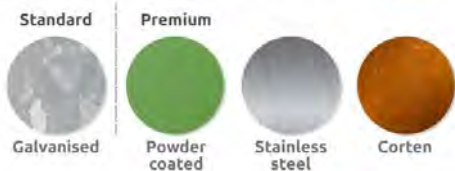

The timber uses tamper-proof bolts. Anchor bolts are supplied.

**Guide Price: £405.00**

## MILLENIUM SEAT

Not only is this a fresh addition to our range of seating, the Millenium Seat will give a fresh look to your outdoor area too. It's perfect if you want outdoor seating that not only does what you want it to, but looks great too.

If you want a ductile iron treated frame that has a unique protector guaranteeing a high resistance to corrosion - this has got just that. Finished in grey forge colour, the seat base and back rest are formed with timber slats, treated with a preservative and water proofed. Coming in a natural finish and anchored to the ground with fixing bolts, this blends in perfectly with any environment, and it is also available in a 3 metre version too.

**Guide Price: £675.00**  
**L: 1800mm x D: 720mm x H: 785mm**
