Project details

We were chosen to deliver Scada large size slabs, outdoor bespoke benches and planter units for the make-over of the shopping street in Ixelles, Brussels. One year after the beginning of the project, the development of a large part of the Chaussée d'Ixelles in a calm or semi-pedestrian zone was finished! For the boulevards of one of the largest shopping streets of Brussels and the Fernand Cocq Square, we supplied over 10.000 m² of SCADA large size slabs. The 16 cm thick large...
