

CASE STUDY

Our Lady of Peace Primary and Nursery School

In early April Linda Shoard, the School Business Manager at Our Lady of Peace Primary and Nursery School approached Zenith to provide a quotation for 1 x 13m x 4m polycarbonate canopy to cover one of their Early Years areas.

The school selected Zenith's Simplicity 35 Series canopy with aluminium framework powder coated in white and a 35mm polycarbonate opaque roof.

The canopy was fitted during the summer half term break and when the children returned to school they were delighted with their new covered play area which they can now use all year round regardless of the weather.

They had even put a note on their outside blackboard
