

PREMIUM VERTICAL BIKE RACK INFORMATION SHEET

Our Premium Vertical Bike Rack facilitates convenient bike storage where floor space is at a premium. Bikes can be stored vertically with the front wheel locked into the rack.

This rack is manufactured from heavy duty formed 21.3mm CHS with laser cut base plates and wheel supports. As standard it can be powder coated to any agreed RAL colour.

This premium rack can be supplied with wall fixings for mounting to suitable walls or supplied as a "solo" unit with it's own 50x50mm SHS mounting post. In addition, we can supply these with a dedicated frame as the "freestanding rack".

For solo and freestanding versions we also supply a lower wheel support. For more information regarding this product, please get in touch.
