

6010R - Robinia Balance Weaver

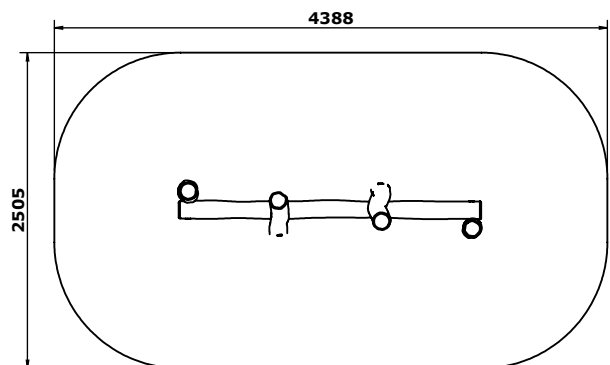

Trim Trail - Robinia - Balance Weaver

Following on from our successful trim trail range is our new Robinia trim trail.

The Balance Weaver allows children to duck and weave along the beam as they cross. You can weave along the beam, or even go around the posts for an extra challenge.

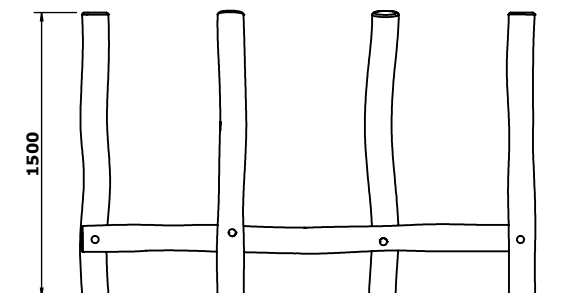

Robinia is one of the hardest European woods and offers superior longevity over pine or other softwoods. Pairing Robinia timbers with our high-quality stainless-steel fixtures make for a trim trail that can withstand years of fun!

As well as improving balance and coordination trim trails improve strength and fitness without you even realising it. The range can be used individually or placed together to create challenging courses for all ages and abilities.
