

6029R - Robinia Hand Over Hand

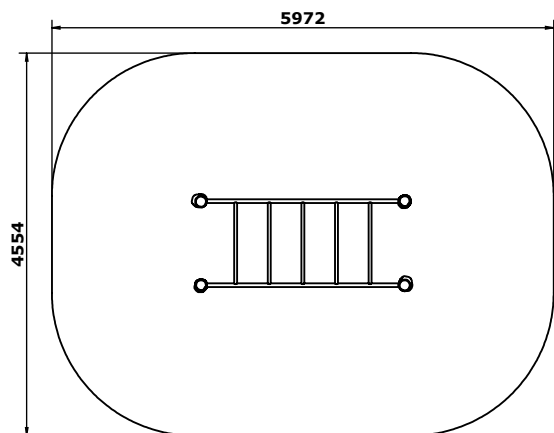

Trim Trail - Robinia - Hand Over Hand

Following on from our successful trim trail range is our new Robinia trim trail.

The Hand Over Hand can allow multiple users to cross each other whilst using. They can also hang from the sides for a different challenge. The Hand Over Hand is a great social piece of trim trail.

Robinia is one of the hardest European woods and offers superior longevity over pine or other softwoods. Pairing Robinia timbers with our high-quality stainless-steel fixtures make for a trim trail that can withstand years of fun!

As well as improving balance and coordination trim trails improve strength and fitness without you even realising it. The range can be used individually or placed together to create challenging courses for all ages and abilities.
