

6005R - Robinia Stilts

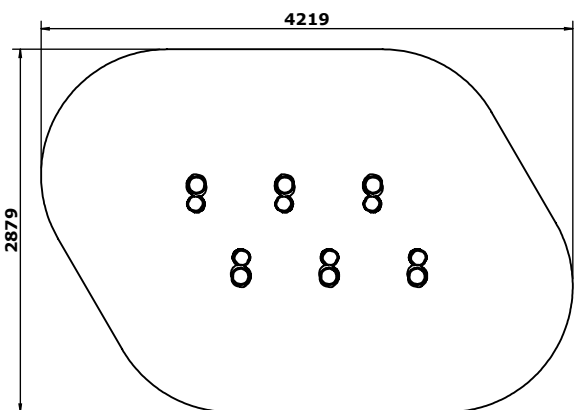

Trim Trail - Robinia - Stilts

Following on from our successful trim trail range is our new Robinia trim trail.

The Stilts pose a simple challenge; get to the end without touching the ground! Stilts promote cooperative play and teamwork as working together is the easiest way to make it across.

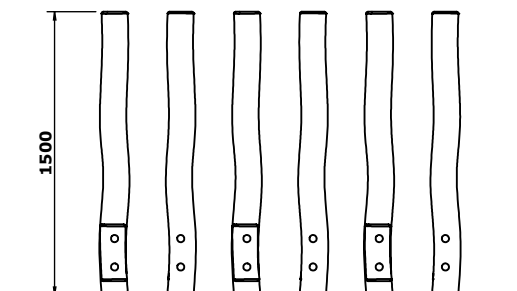

Robinia is one of the hardest European woods and offers superior longevity over pine or other soft woods. Pairing Robinia timbers with our high-quality stainless-steel fixtures makes for a trim trail that can withstand years of fun!

As well as improving balance and coordination trim trails improve strength and fitness without you even realising it. The range can be used individually or placed together to create challenging courses for all ages and abilities.
