

6022R - Robinia Up and Over (Rope and Logs)

Trim Trail - Robinia - Up and Over (Rope and Logs)

Following on from our successful trim trail range is our new Robinia trim trail.

Scaling the Up and Over can be your Everest! You can sit astride the top after conquering it too. There's also the option to crawl underneath the unit and can be used as a makeshift playhouse too!

Robinia is one of the hardest European woods and offers superior longevity over pine or other softwoods. Pairing Robinia timbers with our high-quality stainless-steel fixtures make for a trim trail that can withstand years of fun!

As well as improving balance and coordination trim trails improve strength and fitness without you even realising it. The range can be used individually or placed together to create challenging courses for all ages and abilities.
