

6020R - Robinia Vertical Scramble Net

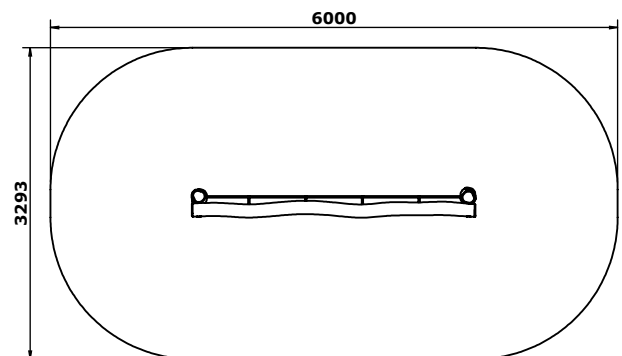

Trim Trail - Robinia - Vertical Scramble Net

Following on from our successful trim trail range is our new Robinia trim trail.

The Vertical Scramble Net can allow you to climb up and through, whilst you scramble across to make it to the other side. You can take the low route or the high route, the choice is yours.

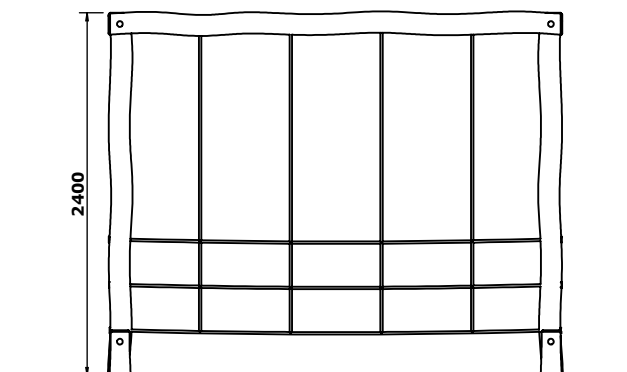

Robinia is one of the hardest European woods and offers superior longevity over pine or other soft woods. Pairing Robinia timbers with our high-quality stainless-steel fixtures makes for a trim trail that can withstand years of fun!

As well as improving balance and coordination trim trails improve strength and fitness without you even realising it. The range can be used individually or placed together to create challenging courses for all ages and abilities.
