

**6013R - Robinia Wonky Walk****Trim Trail - Robinia - Wonky Walk**

Following on from our successful trim trail range is our new Robinia trim trail.

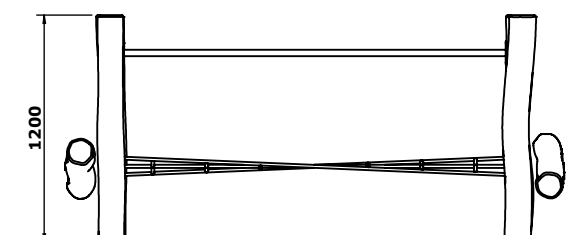

The Wonky Walk has a twisted rope bridge which makes crossing more challenging due to the differences in elevation. There's a handrail to provide additional help if required.

Robinia is one of the hardest European woods and offers superior longevity over pine or other softwoods. Pairing Robinia timbers with our high-quality stainless-steel fixtures make for a trim trail that can withstand years of fun!

As well as improving balance and coordination trim trails improve strength and fitness without you even realising it. The range can be used individually or placed together to create challenging courses for all ages and abilities.
