Wide Slide

Product code 901-WIDE

Our Wide Slide has been designed for integrated play. Children with special needs can play with able-bodied friends or be helped down by adult carers. The slide is wide enough for a child and helper to slide down together. Play panels from our Tropica Multi-Play range - e.g. Jungle Clock, Cog-Wheels, Sands of Time and Animal Pairs Game can be incorporated at the lower level for added play value.
